Problem

When your office can't print, copy or fax documents, because of a supply or machine problem, nothing gets done. This results in higher administrative costs, lower productivity, more headaches and frustration.

Solution

With the Express Customer Service Program, we offer several service and maintenance plans to make your life easier and ensure that you'll have the supplies and services you need, when you need it, at substantial savings.

Our Mission

Most importantly, we believe that our clients are the reason we are in business, and if we don't take care of them, someone else will. Our mission is to deliver the highest level of service, to every client, every time. Lastly, we believe that we will only succeed if we help our clients succeed.

Quality Manufacturing and Guarantee:

- As a manufacturer of compatible replacement toners, Express Cartridge builds every cartridge with brand new components.
- We post test 100% of our cartridges for print quality, and back every cartridge with a 100% quality guarantee.
- An independent test on the HP 4127X, conducted by the Rochester Institute of Technology Center for Remanufacturing, found that our cartridge exceeded the page yield of the HP brand by over 1000 pages.

Flexibility

- We offer OEM brand supplies and components as well as compatible replacement products.

Guaranteed Quality, Savings, Superior Service, Convenient...
the supplies and services you need, when you need them!
